

# Frank H. Peterson Academies ROBOTICS SUMMER CAMP 2016

## DESIGN, CONSTRUCT, AND PROGRAM ROBOTS!

The 2016 Robotics Summer Camp at FHP offers participants the opportunity to work in teams to complete master robotic challenges through imagination, fun, and ingenuity. The camp encourages creativity and thinking “outside the box.” The program is organized in partnership with the award-winning FL-A TE (Florida Advanced Technology Education Center) and local FIRST Robotics with Renaissance Jax. No need to have previous experience in programming robots – just an interest in learning how!

Five camp sessions are offered. Sessions are open to 5<sup>th</sup>-8<sup>th</sup> grade students.
