| Reviewing the Curriculum - CAD and Drafting Design | | 1 | 2 | 3 | 2 | 9 | 17 | 3.8 |

COMMENTS (day 1):

Shorten selling time & run Electronics and CAD concurrently in separate rooms.
Share ideas at the Forum, too much vending. Need other 4 year schools besides UCF with a focus on as articulation not AA
Great ET Forum with great information.

Date: Friday October 5, 2007

| | POOR | FAIR | GOOD | VERY GOOD | EXCELLENT | Not Applicable | Total Number of Responses | Avg Score |

| DOE Update on Workforce Education | | | 1 | 5 | 5 | | 11 | 4.4 |

COMMENTS (day 2):

Not a lot of discussion on items 2-5.
 Advisory Committee information was not very pertinent to my region of Florida.
 The industry component is very valuable, but this session ran on too long.
 Great Hosts.

FLATE Engineering Technology Curriculum Workshop
