**Employers' Toolkit to Making Manufacturing Day A Success.
Join the Webinar TODAY!**

Manufacturing Day is October 2, 2015, and industry hosts and community partners across Florida joining this national effort are invited to participate in an hour-long webinar that will provide a step-by-step guide to hosting a successful manufacturing day event. The hour-long 'employer-focused' webinar will be held today, August 4 at 2 p.m. Anyone involved in manufacturing day 2015, or hosting an event is invited to register at <http://lists.nam.org/t/130766/161935/3442260/2/>

This second webinar in the employer series will feature four panelists who will discuss ways to make Manufacturing Day events successful and the benefits of participating in Manufacturing Day. Panelists will include representatives from Ace Clearwater Enterprises, Caterpillar Inc., FATHOM, and GEMCITY Engineering & Manufacturing. For more information contact Christopher D. Glen, director of public affairs and grassroots advocacy for the National Association of Manufacturers at cglen@nam.org, or 202.637.3121.

For more information on regionally coordinated Manufacturing Day 2015 in Florida, visit www.madeinflorida.org/manufacgturing-day, where FLATE will post information on related events and news as it unfolds on Manufacturing Day 2015. You can also email Dr. Marilyn Barger, executive director of FLATE at barger@fl-ate.org and Desh Bagley, FLATE outreach manager at bagley@fl-ate.org.

FLATE is a National Science Foundation Regional Center of Excellence, committed to ensuring Florida has a well prepared workforce for advanced and emerging technologies. Created in 2004, FLATE is one of 42 Advanced Technological Education Centers in the United States funded by the National Science Foundation focused on improving science, technology, engineering, and mathematics education and training to meet the needs of American advanced technology industries.
