2020 FLATE Distinguished Manufacturing Secondary Educator-of-the-Year Award

The FLATE Distinguished Manufacturing Secondary Educator of the year award recognizes a high school educator for outstanding contributions to manufacturing and/or engineering technology education. Recipients of this award must have made significant contributions toward innovative, unique and novel programs and have shown a professional commitment towards manufacturing industry.

2020 FLATE Distinguished Manufacturing Post-Secondary Educator-of-the-Year Award

The FLATE Distinguished Manufacturing Post-Secondary Educator-of-the-Year Award recognizes a community college or technical school educator for outstanding contributions to manufacturing and/or engineering technology education and training of today's advanced manufacturing workforce.

Nominees for the award must have demonstrated an impact on technology education at the local, state, and/or national level.

2020 FLATE Distinguished Manufacturing Partner Service Award

The FLATE Distinguished Manufacturing Partner Service Award recognizes key personnel for outstanding contributions to promote technology education and career awareness in support of manufacturing. This award includes nominees working in any manufacturing area such as economic development, industry, education and administration. Awardees must have demonstrated an impact on technology education at the local, state, and/or national level. The award represents FLATE's commitment to recognize colleagues who made significant contributions to the outreach, education, and training of today's advanced manufacturing workforce.

Nominees should demonstrate exceptional devotion of time, effort, thought, and action toward furthering FLATE's mission.
