2016-2021 Florida Engineering Technology (ET) and Related Program Student Enrollment and Completion 5-Year Trend Study

www.FLATE.org • www.MadeInFlorida.org

The Florida Advanced Technological Education (FLATE), annually requests and compiles student enrollment and completion data for the Engineering Technology (ET) and related A.S. and B.S. degrees and college credit certificate (CCC) programs for Florida colleges, and for related technology programs at the secondary and postsecondary career certificate programs (CC). These data, provided by the Florida Department of Education, are reliable but do not include enrollment for undeclared majors or enrollment in duplicate programs (such as certificates under degree programs). College Registrar reporting/cut dates also result in some reported enrollment discrepancies. Minor anomalies may occur as older program titles are collapsed and added program titles are added. This review contains five sections and an appendix with individual ET adopting college performance, and presents a 5-year trend study which includes the 2016-2021 FLDOE report year. Data source: FDOE PERA Data Team, Bureau of PK-20 Education Reporting and Accessibility,Division of Accountability, Research, and Measurement.

Notes:

na: not avalilable; nr: not reported; (*) asterisk: Data for groups less than 10 "The total for student enrolment and completion in Florida is reported as the sum of males, females, and unkown data." PSAV programs are now Career Certificate (CC) Programs.

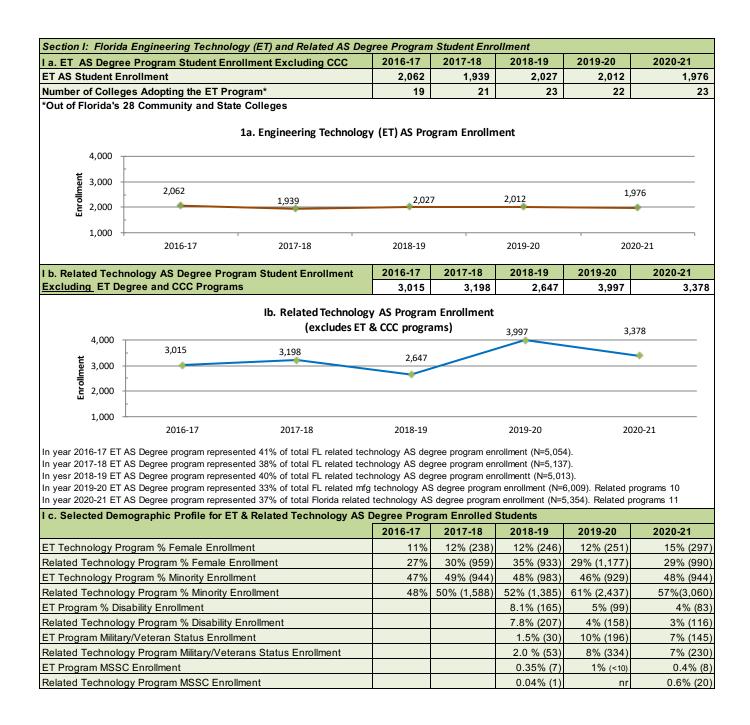

Section I: Florida Engineering Technology (ET) and Related AS Degree Program Student Enrollment
I a. Engineering Technology AS Degree Program Student Enrollment - 5 Year Trend
l b. Related Technology AS Degree Program Student Enrollment (excludes ET) - 5 Year Trend
I c. Selected Demographic Profile for ET and Related AS Technology Program Student Enrollment
I d. Engineering Technology and Related AS Degree Student Enrollment by Program
I e. Engineering Technology and Related BS/BAS Degree Student Enrollment by Program
Section II: Florida Engineering Technology (ET) and Related Degree Program Student Completion
II a. Engineering Technology AS Degree Program Completion - 5 Year Trend
II b. Related Technology AS Degree Program Completion (excludes ET) - 5 Year Trend
II c. Selected Demographic Profile for ET and Related AS Technology Program Student Completion

Data Source: FDOE-PERA Division of Aacountability, Research and Measurement

*The Total Enrollment by College appendix includes AS enrollment for Engineering Technology (ET) and Related Technology AS programs and ET and Related Technology College Credit Certificates (CCC). All data reported here is extracted by reports provided by the FLDOE. Reporting by FLATE in this report begins with college ET adoption year. Some added adopters and programs are too recent to display FLDOE data.

Enrollment discrepancies may exist due to enrollment coding at the individual institutional level, for instance, a student working towards the ET AS degree may be coded as a certificate enrollment, change of major form has not been recorded, or reporting by the office of the registrar may be in error, etc.

"Notes:

- A student is considered enrolled if they have a course and program record in the same institution during the reporting year.

- Veteran status is determined using Data Element 1057 values "V", Service prior to 9/11/2001, "W," Service on or after 9/11/2001, and "E," Service Dates Unknown.

- Disability status is determined using Data Element 1002, where students with a record value indicating they have a physical or mental impairment that substantially limits or restricts one or more major life activities are classified as disabled (disability value is not equal to "Z").

- Students are considered to have completed a program if they were granted a degree (Data Element 2103) in one of the following: Associate in Applied Science (AAS) Degree (value = "A"), Associate in Science (AS) Degree ("2"), Associate in Science Certificate (College Credit Certificate (CCC) ("3"), or Applied Technology Diploma (ATD) ("7")."
